HVE (High environmental value)
RSE (Social & environmental responsibility)
BORDEAUX CULTIVONS DEMAIN (Social & environmental responsibility dedicated to the wine industry)

Vintage 2009

After one of the harshest winters in twenty years, 2009 began with a devastating storm on January 24 and an intense cold snap. Following a rainy spring, May was summer-like, and June provided ideal conditions for flowering. The summer was splendid, with no heat waves or significant storms, allowing the grapes to mature gradually. The fine weather continued into October, ensuring full phenolic maturity of the fruit. This exceptional vintage stands out for its remarkable aromatic balance and power.

Optimal opening

Tasting temperature 16 et 18°C

This 2009 vintage is already evolved, it must benefit from pairings that highlight its structure and complex aromas.
